

## Raccoon Face Mask- Instructions and Materials

### *Materials:*

Brown crayon or  
marker Black crayon  
or marker  
Stick glue, white glue, or  
tape Scissors  
String

### *Instructions:*

Color the top picture brown.

1. Color the bottom picture, black.
2. Cut the pieces out from the paper.
3. Make a small slit with a pair of scissors in the round circles of each piece.
4. Insert your scissors and cut around the circle. This will be the hole for your eyes. Repeat for each circle on the pieces.
5. When you have finished cutting out the eyeholes, lay the black mask on top of the brown face piece to see where they line up.
6. Turn the black mask over and use stick glue (or tape to cover the back of the mask.
7. Line the eyeholes up and place the black mask down on top of the face piece and press all around to glue it down.
8. To be able to wear your mask, turn completed mask over and at the outer edges of the face pieces come in about 1 inch and make a mark. Do this for both sides. This will be where the string will be taped down.
9. Cut 2 pieces of string each being 1 ft. in length.
10. Tape a piece of string and attach it to each mark that you made on the face piece.
11. When you have secured the string tightly, put mask to face and tie the string in back of your head until securely in place.
